**NOTICE OF VIOLATION**

Released: March 27, 2014

By the District Director, San Diego District Office, Western Region, Enforcement Bureau:

1. This is a Notice of Violation (Notice) issued pursuant to Section 1.89 of the Commission's rules (Rules)<sup>1</sup> to NTCH-CA, Inc. (NTCH), registrant of antenna structure #1238815 in El Centro, CA. Pursuant to Section 1.89(a) of the Rules, issuance of this Notice does not preclude the Enforcement Bureau from further action if warranted, including issuing a Notice of Apparent Liability for Forfeiture for the violations noted herein.<sup>2</sup>

2. On February 27, 2014, an agent of the Enforcement Bureau's San Diego District Office inspected antenna structure #1238815 located at 32° 44' 54.8" north latitude and 115° 33' 51.5" west longitude, and observed the following violations:

- a) 47 C.F.R. § 17.4(g): "...[T]he Antenna Structure Registration Number must be displayed in a conspicuous place so that it is readily visible near the base of the antenna structure. Materials used to display the Antenna Structure Registration Number must be weather-resistant and of sufficient size to be easily seen at the base of the antenna structure." The agent observed that the antenna structure registration number was not displayed.
- b) 47 C.F.R. § 17.51(a): "All red obstruction lighting shall be exhibited from sunset to sunrise unless otherwise specified." According to the FCC's antenna structure registration (ASR) database, this tower is required to have a dual lighting system: strobe lighting during the day and red obstruction lighting at night. At the time of the inspection, the agent observed that the steady-burning red obstruction lighting at the mid-point of the tower was not working at night.
